HAZE ADVISORY

NOTICE TO POLO, RIDING & LIVERY MEMBERS

Dear Members,

In view of the current haze conditions, the Club is monitoring air quality closely in accordance with NEA advisories. The health and welfare of our members, staff and horses remain our priority.

As haze conditions may change significantly throughout the day, the Club will monitor both the 24-hour PSI and prevailing 1-hour PM2.5 concentration.

The 24-hour PSI and forecast will be used as a guide for forward planning, while the latest 1-hour PM2.5 reading will be used to assess current air quality when determining whether Polo and Riding activities should proceed, be modified or be suspended at the time of the activity.

The following Club guidelines will apply:

POLO

1-hour PM2.5 level	**Polo Activity**	**Livery Yard Service (All Yards)**
Below 100	Chukkas, Stick & Ball and Polo Lessons may proceed as normal.	Normal service.
101–120	Chukkas suspended. Stick & Ball and/or Polo Lessons permitted.	Normal service. Horses should not be over-exerted.
121–150	Chukkas, Stick & Ball and Polo Lessons suspended.	Normal service. Horse exercise should be kept light and horses monitored closely.
151–200	Walking only for polo ponies.	Normal service. Horses to be walked only; no strenuous exercise.
201–300	No ridden activity.	Feed, water and short hand-walk only. No NEP/Jungle paddock turnout or tack-up.
Above 300	No ridden activity or horse exercise.	Public Holiday Service only: feed and water; no paddock turnout, hand-walk or tack-up.

RIDING ACADEMY

1-hour PM2.5 level	Riding Academy Activity	Livery Yard Service
Below 100	Normal Riding Academy riding lessons, including flatwork and jumping, may proceed.	Normal service.
101–120	Flat lessons and jumping reduced to cross poles only. Lessons should be conducted at reduced intensity with horses monitored closely. Riders who prefer not to ride may request to convert their lesson to a stable management lesson.	Normal service. Horses should not be over-exerted.
121–150	Walking lessons only, where appropriate. Riders may request to convert their lesson to a stable management lesson.	Normal service. Horse exercise should be kept light and horses monitored closely.
151–200	No Riding Academy riding lessons. Lessons will be converted to stable management lessons.	Normal service. Horses to be walked only; no strenuous exercise.
201–300	No Riding Academy riding lessons. Stable management lessons may be conducted.	Feed, water and short hand-walk only. No NEP/Jungle paddock turnout or tack-up.
Above 300	No Riding Academy riding lessons or outdoor horse activities.	Public Holiday Service only: feed and water; no paddock turnout, hand-walk or tack-up.

There will be no make-up for missed lessons. Riders who do not wish to ride or take the classroom stable management lesson during the haze period should inform the Riding Academy Office; lessons will remain chargeable. Stable management lessons may be combined at the Riding Academy's discretion.

Members, riders and grooms are reminded not to over-exert horses during periods of haze and to monitor them closely for any signs of respiratory discomfort.

The Club will continue to monitor NEA advisories at https://www.haze.gov.sg/ and update members as necessary.
